

From Bre Gaff:

I have a 246 sq. ft. private treatment room available for rent within my established wellness spa located in Sevierville, TN. This space would be ideal for a recent graduate or a licensed acupuncturist looking to launch or grow their own independent practice in a supportive, professional environment.

Details:

- Rent includes use of a private room within the spa
- Practitioners will run their own business (handle their own marketing, scheduling, etc.)
- They will keep 100% of their profits as long as rent is paid on time
- Flexible hours, access to a shared waiting area, and potential for cross-referrals from other wellness practitioners
