

Thriving Acupuncture Practice for Sale in Providence, RI

Women's Health Focus — All-Cash — Turnkey + Growth Potential

Hello, I'm Bess Randles, DACM. After years of building a steady, fulfilling acupuncture practice in Providence, I'm going to be starting a family, and will be transitioning Moonspring to a new owner. I'm seeking a thoughtful, capable acupuncturist ready to step into ownership of a profitable, all-cash clinic with a loyal patient base and significant room to grow.

Photos, details & asking price here: SellingAPractice.com/Moonspring

Consistent Revenue & Excellent Quality of Life

Moonspring has averaged \$125,016 in annual gross revenue over the past four years, with up to 8 weeks off each year. All services are paid in full at time of visit. No insurance billing. Low overhead. Steady referrals from patients, local medical providers, and strong online reviews — often with a waiting list.

In-Demand Specialty & Loyal Patient Base

Moonspring is a general practice with a strong focus on women's health, including fertility, pregnancy, PMS, and menopause. Additional areas include pain management, musculoskeletal and neurological conditions, digestive and autoimmune disorders, and anxiety and stress. The clinic schedules approximately 70–110 visits per month. Patients range from 8–80 years old, primarily within a 25-mile radius, and many return for ongoing maintenance care.

Beautiful Location Near Brown University

Located on a walkable street adjacent to Brown University, the ground-floor suite includes a waiting area, two treatment rooms (with potential for a third), office space and private bathroom. Onsite and street parking available. The office is neighbored by complementary providers including psychotherapy, massage, and chiropractic. Providence offers a strong sense of community, a vibrant arts scene, waterfront access, historic neighborhoods, and a highly educated, health-conscious population — all within easy reach of Boston.
