

Welcome to the Daoist Traditions College Acupuncture Clinic. We offer excellent and compassionate care for a wide range of health conditions.

222 S. French Broad Avenue
Asheville, NC 28801
(828) 253-8669

Appointments: Your acupuncture care will be provided by clinical interns supervised by experienced, licensed acupuncturists. Our goals are to provide you with the best possible care and give each of our interns equal opportunity to learn and build their skills. We do things a little differently to meet these priorities.

As a teaching clinic, we are not always able to honor requests for specific interns. We recommend trying different interns to find a that few you feel comfortable with so you can be consistent with your appointments even when your main intern is unavailable. Sticking with your treatment plan is more important than seeing any specific intern. Seeing other interns also gives you more perspectives on your health.

If your scheduled intern is unavailable, we will schedule you with another intern. We cannot notify you ahead of time if your regular intern is absent. We know this is different than other offices, but our interns have only 2 years to gain as much experience as possible. Our focus is to maximize each intern's opportunity to treat a wide variety of patients and conditions.

Patients may have a caretaker or family member present during their treatments as long as their presence is not disruptive to the healing environment of the clinic. Patients may bring a child to their treatment as long as the child is able to sit quietly and independently during the patient's treatment. All children under the age of 12 must always be accompanied by an adult, including in the waiting room and during the child's treatment.

Trained, registered service animals are permitted in our clinic. Due to the small size of our treatment rooms, advance notice will help us reserve a room that can accommodate your service animal. Service animals must be leashed or tethered unless your disability prevents using these devices or these devices interfere with the animal's tasks. In that case, other effective controls may be used. Service animals must not create a safety hazard while your intern is performing acupuncture, moxibustion, or other techniques. We reserve the right to exclude service animals that are not controlled; not housebroken; or disrupt the healing environment of the clinic. Pets and comfort/emotional support animals are not permitted in our facility.

Cancellations: Please make every effort to keep your scheduled appointment and to be on time. *If you are more than 15 minutes late, we may need to shorten or reschedule your appointment.* We understand that things sometimes come up, but we cannot fill your appointment slot without significant notice and our interns can't receive credit if they are unable to treat a patient. If you need to cancel your appointment, please give us at least 24-hour notice. Appointments cancelled without 24-hour notice will incur a charge of \$30.00. Missed appointment fees must be paid at the next appointment.

Acupuncture can be extremely helpful for acute conditions. If something comes up, contact us to see if you should keep your appointment. If our schedule changes due to inclement weather, we will notify you by phone for planned changes and by text message for last-minute changes.

Fees & Payments: Payment for treatment and herbs is required at the time of service and can be made by check, cash or Visa/Mastercard. There is a \$1.25 service charge for payments made by credit/debit card.

\$40 for Adults (18 & older, if not a full-time student)

\$30 for Full-time students with a valid ID, Children under the age of 18, and Veterans

Daoist Traditions Students receive a treatment discount

Herbs prices vary

Herbs must be paid for when they are prescribed. Please call to request herb refills, as they need to be approved by the intern(s) and supervisor. There is a charge of \$35.00 for any returned checks. The total check amount and the \$35 fee must be paid in cash before we can provide further service.

We do not provide billing for insurance claims. We do not provide letters or statements of medical necessity for insurance companies or other agencies, unless required to do so by law. Receipts are provided at the time of service. Please retain your payment records for income taxes, flex spending account, and health savings account purposes. We do not issue end-of-year account statements.

Medical Records: We do not send DTCC records to other Chinese Medicine practitioners or medical professionals because treatments at our clinic are not performed by licensed acupuncturists. We are happy to provide you with a copy of your records, upon written request. As a teaching clinic, interns must make a new diagnosis for each patient, at each appointment. Therefore, we do not allow students to use patient medical records from Chinese medicine practitioners outside of the DTCC. Interns may not follow a CM diagnosis, treatment principle, treatment plan, point protocol, herbal prescription, etc., from outside practitioners. Our clinic does not make requests for previous Chinese Medicine or Western Medicine records to be sent to our clinic. Please share details of your medical history on the health history forms and during your appointments.
