

Hey DT Alums,

We wanted to reach out to the alumni community because we're looking to add another acupuncturist to our team at East Acupuncture Wellness. We've been fortunate to build wonderful teams and patient communities in both Asheville and Greenville, and we're looking for someone who is not only a strong clinician, but who really cares about this medicine and the people they treat.

WE'RE HIRING: LICENSED ACUPUNCTURIST+ HERBALIST

East Acupuncture Wellness is looking for an experienced **Licensed Acupuncturist** to join our team, with a start date around October 2026 (or once NC and SC licensure is obtained if not currently licensed in those states)

The schedule:

- 2 days in Asheville + 2 days in Greenville, SC
- **Option 1:** One practitioner working all 4 days across both locations
- **Option 2:** Two practitioners splitting the position, with each working 2 days per week at one location

This is a W-2 employee position, not an independent contractor position, and includes PTO + CEUs.

We are looking for someone with:

- **2+ years of clinical experience required**
- **Strong orthopedic and pain treatment experience required**
- Experience confidently treating multiple patients and working out of **two treatment rooms**
- Knowledge of **Chinese herbal medicine and herbal prescribing**
- Excellent communication and a warm, professional presence
- A deep respect for Chinese medicine and a commitment to continued learning
- Someone who genuinely cares about their patients and takes pride in providing thoughtful, individualized care
- A collaborative team player who communicates well and wants to become part of an established practice and patient community

We have an **amazing team in both locations** and are looking for someone who really cares about this medicine, their patients, and the community we've built.

If this sounds like you, we'd love to hear from you! **Interested?** Send your resume and a little about yourself and your clinical experience to info@eastacupuncturewb.com.
