

My name is Dr. Ruth, and I am the owner and Doctor of Acupuncture and Chinese Medicine at **Alleviate Acupuncture & Wellness Clinic in Livonia, Michigan, just outside Detroit.**

Alleviate is actively seeking one or more licensed acupuncturists to join our growing multidisciplinary practice. Michigan currently has no acupuncture school, so I am reaching out directly to established acupuncture programs and would greatly appreciate your sharing this opportunity with graduating students, recent graduates, alumni, and your career network.

Alleviate is a busy, established cash-pay practice serving a diverse patient population throughout Metro Detroit. Our clinic includes private acupuncture, community acupuncture, Chinese medicine, massage therapy, Reiki, chiropractic care, infrared sauna, and wellness programming.

I am specifically looking for a practitioner who wants to **practice medicine and care for patients rather than immediately carry the burden of opening and operating an entire practice.**

This could be an excellent opportunity for a new graduate or early-career acupuncturist who wants substantial clinical experience, mentorship, an existing patient base, administrative support, and the opportunity to grow within an established practice.

Associate Acupuncturist — Livonia, Michigan

Position: Part-time Associate Acupuncturist with opportunity to grow

Schedule: Approximately 3–4 shifts per week, generally 4–6 hours per shift. Some evening and/or weekend availability is preferred.

Compensation: Competitive production-based compensation with strong earning potential.

About the practice:

Alleviate Acupuncture & Wellness Clinic is an established multidisciplinary wellness clinic serving Metro Detroit. We maintain a high-volume acupuncture practice with both private and community-style treatment.

The associate will:

- Provide individualized acupuncture treatments
- Perform TCM assessment and diagnosis
- Develop appropriate treatment plans
- Maintain timely, professional clinical documentation
- Educate patients regarding acupuncture and Chinese medicine
- Work collaboratively with our clinical and administrative team
- Help care for both established Alleviate patients and new patients as the associate's schedule grows
- Participate in a team culture where everyone contributes to the functioning of the clinic

We are looking for someone who is:

- Graduate of an accredited acupuncture/Chinese medicine program
- NCCAOM certified or board-eligible
- Eligible for Michigan acupuncture licensure
- Clinically curious and eager to continue learning
- Warm, compassionate and comfortable communicating with patients
- Dependable and professional
- Comfortable working in a busy clinical environment
- Interested in becoming an excellent clinician—not simply renting a room and operating independently
- A genuine team player who understands that in a small healthcare practice, no reasonable task is beneath any member of the team

New graduates are absolutely encouraged to apply. I am willing to provide significant clinical mentorship to the right practitioner.

I have practiced in healthcare for more than 26 years and hold a Doctorate in Acupuncture and Chinese Medicine. One of my priorities in hiring is finding someone who wants the opportunity to learn, see a substantial variety of patients, and develop into a confident independent clinician.

Candidates who would need to relocate to Michigan are welcome to contact me to discuss the opportunity.

Interested candidates may send a résumé/CV and a brief introduction to Alleviate Acupuncture & Wellness Clinic.

I would be very grateful if you would forward this opportunity to your graduating students, alumni, career-services office, or acupuncture faculty who may know someone looking for the right clinical home.

Thank you for helping us connect with the next generation of acupuncturists.

Warmly,

Dr. Ruth
