Our preferred candidate will be:

- NCCAOM certified
- Compassionate with a kind spirit

What we provide:

- Fun, yet professional, space allowing you to concentrate on doing what you love while having everything else taken care of.
- Office support staff to handle scheduling, marketing, bookkeeping, cleaning, and laundry service.
- Electronic Health Records
- High volume of patients from day-1 with a base salary while you establish your patient load.
- Mentorship opportunity to learn how to build and run a successful practice.
