

THRIVING ACUPUNCTURE OFFICE FOR SALE IN DENVER + PARKER, CO

Unique opportunity to own a lucrative acupuncture and Chinese medicine practice with two locations in Denver and Parker, Colorado. The clinics currently average 25-30 patients per week, and have a strong, growing revenue with room to expand. Imagine taking in \$135,000 per year while taking up to three weeks off every year for vacation. Low overhead, years of records, and consistent patient flow mean you'll continue to keep your costs predictable. The practice is 54% cash pay, and the remainder insurance. **Insurance patients are more likely to transition with a new provider that they are already in-network with. The current owner will support a buyer in a smooth transition with patients.**

- Two prime locations convenient to the neighborhoods of Wash Park, Littleton, Cherry Creek, DTC, and downtown Parker.
- Excellent clinic reputation with 5 star Google ratings at both locations and high patient retention.
- In-network with UHC and the VA- great reimbursement rates, simple billing process, and **consistent influx of new patients from directories.**
- Both locations could expand into full-time offices already supported by the current patient load and waitlist. **Parker has a high demand for acupuncture in an unsaturated market.**
